## ICT Innovation in Financial Services

Innovate or perish. That is the only way forward for enterprises. Innovation has become an essential ingredient for modern business and this is particularly true for the banking, financial services and insurance industry sectors. Banking has led the way in the past through online banking, ATMs, international currency transfers and more recently mobile banking facilities.

### Invited Speakers:

**Jackie Korhonen:** Senior Vice President and Head of Financial Services, Australia / New Zealand, Infosys

**Dr Munib Karavdic:** Head of Innovation and Growth, AMP Limited

**Dr Katherine Woodthorpe:** CEO, Australian Private Equity and Venture Capital Association
